UNTHSC Health Pavilion Door Replacement

This document is being issued to clarify Question #10 that was asked and the answer that was provided which is shown below:

10) Is the unit cost to include prorated GCs and GRs for the project?

**ANSWER: Yes.**

**To clarify, the solicitation is not asking for a separate line item cost on the Proposal Form for either General Conditions or General Requirements. Whatever the vendor's added costs may be to perform the project would need to be built into the cost of the door & hardware costs.**
