

CSI Form 1.5C

SUBSTITUTION REQUEST (During the Bid Period)

Project: University of North Texas Music Practice Jazz Lab Substitution Request Number: 1
From: CSI Creative
To: Bidding Contractors Date: 01/26/23
A/E Project Number: _____
Re: 3mm Wool Design Felt Contract For: University of North Texas (UNT)
Specification Title: Interior Rendering Description: FilzFelt 175 Graphit
Section/Sheet: A8.1.3 Page: _____ Article/Paragraph: _____

Proposed Substitution: PoshFelt® Covering Surfaces 001
Manufacturer: CSI Creative Address: 9901 W 74th Street, Eden Prairie, MN 55344 Phone: 952-224-9944
Trade Name: CSI Creative Model No.: _____

Attached data includes product description, specifications, drawings, photographs, and performance and test data adequate for evaluation of the request; applicable portions of the data are clearly identified.

Attached data also includes a description of changes to the Contract Documents that the proposed substitution will require for its proper installation.

The Undersigned certifies:

- Proposed substitution has been fully investigated and determined to be equal or superior in all respects to specified product.
- Same warranty will be furnished for proposed substitution as for specified product.
- Same maintenance service and source of replacement parts, as applicable, is available.
- Proposed substitution will have no adverse effect on other trades and will not affect or delay progress schedule.
- Proposed substitution does not affect dimensions and functional clearances.
- Payment will be made for changes to building design, including A/E design, detailing, and construction costs caused by the substitution.

Telephone: 952-224-9944

A/E's REVIEW AND ACTION

- ☒ Substitution approved - Make submittals in accordance with Specification Section 01 25 00 Substitution Procedures.
☐ Substitution approved as noted - Make submittals in accordance with Specification Section 01 25 00 Substitution Procedures.
☐ Substitution rejected - Use specified materials.
☐ Substitution Request received too late - Use specified materials.

Signed by:

Date: **January 27, 2023**

PRODUCT GUIDE

WOOL FELT

100% organic premium design felt.

POWERFUL ACOUSTICS

High Noise Reduction Coefficient.

FIRE-SAFE

ASTM E84: Class A tested and compliant.

VOC FREE

CDPH Standard Method V1.2 School Classroom and Private Office Compliant.

CUSTOM SIZING

Custom-sized products arrive installation ready.

SUSTAINABILITY

100% organic wool is harvested without animal harm.

LOW MAINTENANCE

A light dusting is all you'll ever need.

TACTILE EXPERIENCE

Soft, plush felt delivers unbeatable touch experience.

LEAD TIME

2-4 weeks with vast color options.

SPECIFICATIONS

PRODUCT ID SUR-COV-001

CONTENT PoshFelt® 100% organic wool design felt

DURABILITY Impact resistant, shock absorbant

WEATHERING Non-deteriorating, non-hygroscopic, colorfast

MAINTENANCE Clean with vacuum or light dusting

WARRANTY Comes with industry-leading standard warranty

ENVIRONMENTAL 100% biodegradable/compostable, contains no formaldehyde, 100% VOC free, no chemical irritants, and free of harmful substances

INSTALLATION CSI Installation Systems are product specific (see Installation page)

ACOUSTICS 0.10 - 0.45 NRC

FLAMMABILITY ASTM E84: Class A

TECHNICAL

LENGTH

custom thicknesses available

① 2MM ROLL

② 3MM ROLL

③ 5MM ROLL

④ 8MM ROLL

⑤ 10MM ROLL

INSTALLATION

Surface installation systems are designed according to site conditions, and maximize efficiency of installation.

Each solution respects the integrity of the project design, budget, and installs easily with simple tools.

DIRECT ATTACHMENT SYSTEM

Attachment solution for pre-constructed ceiling substrates using construction adhesives. Requires minimal skilled installation labor. Ideal for remodeling spaces.

PEEL AND STICK SYSTEM

Attachment solution for existing surfaces or substrates using pre-applied adhesive backing. Requires minimal skilled installation labor - simply peel, and stick.

INDIVIDUAL CLIP SYSTEM

Attachment solution for hanging multiple panels in series efficiently. Maintains alignment of panels with a drop-in gravity clip system. Easily installed in post-construction phase.

SNAP MOUNT SYSTEM

Attachment system for efficient installation via pre-designed modular configurations using snap-locking hardware. Engage us in the design phase for site-specific templates and hardware configurations.

SITE CONDITIONS

TRANSITION

Surface installations in transition areas are typically simple, low-profile cladding that uses color to assist in wayfinding, and enhances the acoustics of hard surfaces in hallways.

FOCAL POINT

Surface cladding used as a focal point can be infinitely more complex, and can integrate other materials. A focal point gets much more visual attention than transition spaces, and serves artistic merit as well as acoustics.

BRANDING

Any product can be designed with integrated branding opportunities, from color choices to lettering, carving, graphic displays and more.

SUSTAINABILITY

WHY WOOL?

Wool has a strong track record. As in, thousands of years strong. The first instances of wool as a textile date back to 1500 BC, and for great reason: wool is a sustainable source of workable fiber, harvested without any harm to the animal.

Wool is cleaned and refined into a more cooperative felt product with an array of natural features, including wrinkle resistance, anti-static, high burning point, insulative properties, shock resistance—the list goes on.

MATERIAL CONSTRUCTION

100% organic Merino or Karakul Wool

PRODUCT CERTIFICATIONS

ASTM E84: Class A, VOC Free (CDPH Standard Method V1.2)

OUR MISSION

EXPERIENTIAL SPACES

Our goal is to create spaces that feel better.

It's easy to visualize a space with architectural acoustics, but even the most detailed renderings couldn't convey the experience of actually being there. When sound is properly controlled within a space, it creates focus and calmness that you can actually feel. We want to help you turn off the droning machinery in the back of your mind. We fabricate custom solutions that visually suit your space while building towards a more soothing holistic experience. This creates spaces where people want to be—where they want to work, where they want to sleep, exercise, create, study, and relax.
