## Important Notes to Using & Reviewing Your Results

- **Notes**
  - **Data Population**  
This report is populated with data from the Budget and Finance for Cognos 11 package.
  - **Items without a Budgeted Amount**  
All Actuals will print to the report regardless of the corresponding Budget Account possessing a dollar amount or zero entry.
  - **Actuals**  
Actuals are from approved and posted transactions.

## Locate Report

1. From the Budget & Planning [Reporting Page](#), locate [“Inventory”](#)

2. **Login** to IBM Cognos to run the report.

## Report Setup- Prompt Pages

### Report Setup - Prompt Pages

All initial **Landing Pages** for reports on the Cognos System will appear similar in format. You will have a set of filtering choices based on the source’s available data.

### REPORT FOCUS FILTERS

1. Select your parameter choices.  
(No parameters within this report are required).

<i>Business Unit</i>	Default will pull “All Units” or you may select one particular unit by which to filter the report.
<i>Custodian Department</i>	If you know a particular Custodian Department you would like to filter by, <b>enter</b> here. When you are ready, <b>click</b> the <b>arrow</b> . All items you have typed/pasted into the box will move to the <b>Selections Box</b> .
<i>Employee (EMPLID)</i>	If you know a particular Employee you would like to filter by, <b>enter</b> the Employee ID here.
<i>Asset ID</i>	If you know a particular Asset ID you would like to filter by, <b>enter</b> here.
<i>Asset Status</i>	Default will pull all asset statuses or you may select one particular status by which to filter the report.

Capitalized (Y/N)	Default will pull all Capitalized or you may select one particular one by which to filter the report.
Tag Number	If you know a particular Tag Number you would like to filter by, <b>enter</b> here.
Serial ID	If you know a particular Serial ID you would like to filter by, <b>enter</b> here.
Location	Default will pull all Locations or you may select one particular one by which to filter the report.
Offsite	Default will pull all Offsite or you may select one particular one by which to filter the report.
Purchase Order	If you know a particular Purchase Order you would like to filter by, <b>enter</b> here.

2. If you are satisfied with your choices, click the **Finish Button**.

The rows will display information regarding Inventory: Business Unit, Department ID, Department ID Description, Asset Status Description, Asset ID, Tag Number, Serial ID, Model, and more.

DRILL-THROUGH OPTIONS

The drill through option is offered in **Asset\_ID** column. It will drill into **Asset History** to show who previously owned it.

# Cognos Report Functionalities

LAYOUT OVERVIEW

- Report results are typically displayed in an interactive HTML on screen style.

- Based on your selections, if any, the report will only display results that match your initial filtering choices.

- Reports on screen may combine the Level Number result with the Description for that level in one single column. *(Report results exported to XLS will break these out, see [Run Report and Down Load section](#) below.)*

- If there is an error in your request or no results can be produced, you get a return message showing the parameters you chose that produced these results. *(See the [Error Results section](#) below for more information or to troubleshoot.)*

C9000 - Suspense and Clearing	D9100 - Expense Clearing	91003 - Undistributed P-Card Exp	649.25	649.25
		91005 - Undistributed Trav CC Exp	0.00	0.00
		Total	649.25	649.25

**Report - Total**

---

[Top](#)
[Page up](#)
[Page down](#)
[Bottom](#)

- Use the **“Page Down” Link** at the bottom left to see additional pages (if any).
- Use the **“Bottom” Link** to skip to the last page of **Applied Parameters** where you can review what your filtering choices were on the initial **Prompt Page** selections. Use the **“Top” Link** then to return to your first page.

# Exporting Your Report Results

## Exporting Your Report Results

In the upper left hand or right hand of the toolbar on your screen, you will see options to run report and view your results.

EMAIL REPORT DIRECTLY

Click the **“Share”** symbol dropdown (next to the bell) on the upper right hand of the toolbar on your screen to select **“Email”**. Fill in the desired email address, any additional information, and your onscreen results will be emailed from within the Cognos program.

The screenshot shows a toolbar with a 'Share' icon (three connected dots) and a bell icon. A dropdown menu is open from the 'Share' icon, showing options for 'Send' and 'Link'. Below these, it says 'Select a platform:' and has 'Email' selected with a checkmark.

**RUN REPORT AND DOWNLOAD OPTIONS**

Click on the “Run as” button (white circle) on the upper left hand of the toolbar of your screen to see selections for running or exporting your results:

- HTML
- PDF
- Excel
- Excel Data
- CSV
- XML

## Error Results

### Run Report Error

The following is an example of the standard results message when Cognos cannot determine a match for your requested filters:

*No data available for the parameters chosen, please review the parameters below:  
Fund Cat: 876*

The selection you have made on the prompt page is listed automatically below the “No Data” message. Again, to re-run the report with a different selection, click on the “Run as” button on the upper left hand of the toolbar on your screen, and then click on the **Reset prompts and run** option (see note below for further instruction).

### Drill-Through Message or Error

The message below will be displayed when a zero amount without supporting details is clicked on during a drill through. The same message will be displayed when a drill through has error. If that happens, the statement below, “The amount you clicked on was,” will match the amount clicked on the report.

 The report executed as designed; however, no rows of data were returned with the parameters given.

To diagnose why you are seeing this message please follow the instructions below:

- 1) Click "bottom" at the bottom left of this page to view the Parameter Page.
- 2) Review the values to look for incorrect or missing values
- 3) Click the Run button on the top left of the screen and choose "Reset prompt and run" to manually adjust the parameters of this report.
- 4) If you are unable to resolve the issue, please contact your local Budget Office for assistance.

The amount you clicked on was = 0 ←
