Hereinafter called "Onity"

AND

**University of North Texas
1155 Union Circle
Denton, Texas 76203**

Hereinafter called "Customer"

EFFECTIVE DATE: May 28, 2021

WHEREAS, Onity and Customer desire to negotiate standard terms and conditions;

WHEREAS, upon execution of this agreement ("Agreement"), Customer will make one or more purchases by submitting to Onity executed sales quotes ("Sales Quote"), purchase orders accepted by Onity ("Purchase Order") or work orders accepted by Onity ("Work Orders") listing the project, a description of material and services being purchased, and quantities and prices for the material and services.

ACCORDINGLY, in consideration of the premises and the following promises, covenants and agreements, Onity and Customer hereby agree that purchases of equipment and services by Customer from Onity will be governed by the terms and conditions contained herein and the applicable Onity Sales Quote as follows:

1. TERM AND TERMINATION.

- A. The term of this Agreement shall begin on the Effective Date and continue for a period of two (2) years (the Term).
- B. Either party may terminate the Agreement for its convenience by giving the other party written notice sixty (60) days in advance of the proposed termination date; provided, however, that Customer shall be responsible to timely pay Onity for any amounts owed to Onity, and Onity shall complete any Work agreed upon pursuant to a Sales Quote or Purchase Order.
- C. Either party may terminate the Agreement upon written notice to the other party (a) if the other party breaches any terms of the Agreement (excluding payment obligations) and the breaching party does not cure such breach within ten (10) business days after written notice by the non-breaching party of such breach; (b) if either party makes an assignment for the benefit of creditors or files a voluntary petition in bankruptcy or is adjudicated bankrupt or insolvent or shall admit in writing its inability to meet its obligations as they mature, or (c) if any statute, ordinance, rule or regulation hereafter promulgated by any legislative body or agency having jurisdiction over either party prohibits the transaction of business of the nature to be transacted hereunder. Should the Agreement be terminated under this provision by Onity, Customer shall immediately pay Onity for any outstanding amounts owed to Onity, and Onity's obligations under the Agreement shall terminate without penalty to Onity.

2. WORK; ORDERS; CHANGE ORDERS

- A. All purchases by Customer of Onity product ("Product") and/or related services ("Services") (individually and collectively "Work") will be governed by the terms and conditions in this Agreement during the Term unless expressly agreed to in a written agreement that references this Agreement by name and date.
- B. The Work shall be deemed completed and accepted upon the earlier of (i) the certificate of occupancy; or (ii) beneficial use. Completion and acceptance of the Work shall constitute Onity's right to payment in full for the Work.

- C. The Customer may issue Purchase Orders, Work Orders or other documents for administrative and billing purposes, provided, however, Customer expressly acknowledges and agrees that any terms and conditions in such Purchase Orders, Work Orders, or other documents shall not in any way add to, delete from or alter any of the provisions of this Agreement.
- D. To the extent that door hardware specifications include ANSI/BHMA 156.13, 156.18 and 156.25, Onity expressly rejects the foregoing specifications. Prior to commencement of the Work, Customer will be presented with certain Project Requirements by Onity to Customer, or Customer's project manager or other designee ("Customer's Representative").
- E. Onity agrees only to perform a contract for the sale of a commercial item on a fixed-price or time and material basis. The components, equipment and services provided by Onity are "commercial items" as defined in Section 2.101 of the Federal Acquisition Regulations ("FAR"), and the prices of such components, equipment and services are based on Onity's commercial pricing policies and practices (which do not consider any special requirements of U.S. Government cost principles, FAR Part 31, or any similar procurement regulations). As such, Onity will not agree to provide or certify cost or pricing data, nor will Onity agree to comply with the Cost Accounting Standards (CAS). In addition, no federal government procurement regulations, such as FARs or DFARs, shall apply to this Agreement except those regulations expressly accepted in writing by Onity.
- F. Any changes requested by Customer to the Work must be made by written change order agreed to and signed by Customer or Customer's Representative authorized to execute change orders ("Change Order"), and Onity, and will become an amendment to this Agreement, subject to the Terms and Conditions of this Agreement. Customer will incur a \$100 fee for each Change Order, and Change Orders may affect the total amount set forth in the Sales Quote ("Price") and Work completion date. The resulting fees and change in the Price and completion date shall be added to or deleted from the Price and Work schedule. Change Orders and any related fees will be invoiced upon receipt of the executed Change Order. Additional shipping and handling fees as well as applicable taxes will apply to all Change Orders. Onity will not be obligated to perform any changes in the Work unless agreed to by such written change order.

3. DELIVERY AND PERFORMANCE.

- A. Materials will not be ordered without an executed Sales Quote or Purchase Order and receipt of any required deposits or payments under this Agreement. Approximate lead-times for delivery are from date of Onity's acceptance of a Purchase Order or executed Sales Quote and receipt of deposit, or required payments and are as follows: (a) Standard 626 finish Lockset and standard locking system Product - six (6) weeks; (b) all other Locksets and locking system Product - ten (10) weeks; (c) Safes Product - fourteen (14) weeks; (d) EMS Product - six (6) weeks; and (e) Non-stock Product - twelve (12) weeks. Any lead-time less than the time listed above will be considered a "rush" and must be approved either at time of initial order or through Change Order and will incur expedited handling charges of 20% of the total order as well as Change Order fees. Onity reserves the right to change the standard lead times. If such lead time impacts Customer's commencement or completion date or Customer accelerates the Work, then Customer and Onity shall mutually agree upon an extension of time or an equitable adjustment in the Price of the Work in order to accommodate the completion date by Change Order. It is Customer's duty to inform Onity of all changes in the schedule that affect Onity's delivery of the Work.
- B. All shipments are FCA Onity's dock, at which time title will pass to Customer. As a courtesy to Customer, Onity will replace damaged Product at no charge if the Product is damaged or lost during shipment using Onity's carrier. Customer must request a Returned Materials Authorization Number ("RMA #") from Onity in advance of any returns. Customer returns which do not bear a valid Onity RMA # that is visible on the outside of each carton (or in the event such return is palletized, on the outside of each pallet) shall be subject to rejection of the return by Onity. Any such rejection by Onity shall be at the risk of Customer. Upon verification of the loss or damage by Onity and receipt of the damaged Product from Customer, Onity will credit Customer's account for any Product lost or damaged in transit.
- C. Should the Work require shipment to or performance in Canada or any other country, territory or region where Onity must obtain any governmental permissions, permits, approvals, licenses or other requirements, Onity shall be excused from performance hereunder in the event Onity cannot obtain such permissions, permits, approvals, licenses or other requirements in a timely manner.
- D. If Onity has quoted Work based on information, plans or specifications provided by Customer, Customer's failure to provide accurate information may affect the ability of installers to commence or complete the Work as scheduled resulting in a Change Order for additional material, trip charges, labor, tax and shipping, handling or other fees or expenses, and Customer agrees to sign such change order and pay such sums. Inaccurate information includes, but is not limited to, measurements, product finish, door/frame condition, door/frame

material, handling of product, quantity of product, number of doors or rooms which need material, or incomplete plans or specifications. If delays are incurred due to inadequate preparation for the Work by Customer, and the installer or trainer is required to return to the project location, Customer will be charged an amount per day each day the Work is delayed at Onity's then current rates plus expenses.

- E. If Onity is providing installation or training services, Customer agrees to have at least the following available and ready for installation or set up: (a) Locksets – eighty (80) consecutive doors per day; (b) Safes – twenty (20) consecutive rooms per day; (c) Access – five (5) doors per day; and (d) Locations for front desk system/encoder. Hallways or rooms must be reasonably clear of people, furniture and equipment. Doors must be painted, sanded and hinged in the opening prior to installation. Customer is responsible for installing all cable, terminal connectors and power outlets required for access door systems or the front desk system/encoder per Onity specifications. All safe locations must be prepared, according to Onity's instructions, prior to installation. Customer agrees to pay Onity's current trip charge if Onity is unable to work due to Customer's failure to comply with any applicable provision of this paragraph.
- F. If the installation and/or training date is rescheduled, cancelled or changed by any party other than Onity within fourteen (14) days prior to the confirmed scheduled installation and training date, or keying information is not provided to Onity within fourteen (14) days prior to confirmed scheduled installation and training date, Customer will be charged \$750.00 (excepting federal government projects, in which Customer will be charged the actual costs to Onity for rescheduling). In the event Customer has not met the requirements for proper installation as outlined in the pre-installation assessment guideline, if applicable, Onity may, at its option, elect to terminate the order, including the provision of any goods or services thereunder. Field re-preparation of existing doors may affect the labeling certification of doors, and Customer is responsible for re-certification of the doors. Re-certification may affect the installation schedule and costs. Onity's then current rate shall be charged for all additional training requests. If Customer cancels the delivery of Product, or any portion thereof, more than fourteen (14) days after Customer accepts Onity's Sales Quote, Customer shall be subject to a twenty percent (20%) cancellation fee per cancellation occurrence. Special order or non-stock Product cannot be returned. Unless otherwise mutually agreed upon by the parties, Customer shall be subject to a twenty percent (20%) storage fee if Customer does not accept delivery of Product within ninety (90) days of the mutually agreed upon scheduled delivery date. A Change Order is not required for any charges or fees arising under this Section 3.G.
- G. Conditions not apparent during initial site survey or take-off may add to the cost and completion time of the Work. Such costs will be charged to Customer at Onity's then current rates.
- H. If Onity determines at any time that the cabling or pre-wiring is deficient or sub-standard, terminated, or installed incorrectly, Customer will be responsible for correction of the condition and will be charged at Onity's then current rates for any additional labor and materials required after Customer corrects the condition.
- I. Onity shall not be bound by any project labor agreement.
- J. Customer is responsible for the storage of the delivered Product and materials prior to and during installation, and Onity will accept no responsibility for loss incurred for inadequate storage.
- K. Failure to provide the minimum of doors and rooms as set forth in the Project Requirements will affect the installation schedule and may result in additional charges to Customer.
- L. Additional charges which occur as a result of E, F, G, H, I or J of this Section 3 will be invoiced upon (1) Onity's change in schedule, (2) installer's or trainer's scheduled return, (3) cancellation, (4) non-receipt of required information, or (5) discovery of condition.
- M. Customer will provide installers and trainers with lodging, parking and material storage at the sole expense of Customer. Lodging is required as follows, with no more than two (2) people assigned per room: (i) Guest room lock and safe crews - two (2) or more rooms, (ii) perimeter lock crews - one (1) room, (iii) energy management crews - one (1) room per two (2) installers, and (iv) trainers - one (1) room, for the duration of the installation, training, and on-site support. If rooms, parking and/or storage are not available, a per-diem per day will be established, based upon the value of the rooms, parking and storage, and added to the Price and billed to the Customer.
- N. Customer acknowledges that union rate changes are beyond the control of Onity and in such cases where union rates have changed between the time of the execution of this Agreement and the installation date, it will be necessary for Onity to re-quote such labor rates to Customer reflect those changes.
- O. It is the Customer's duty to inform Onity of all changes in the schedule that affect Onity's delivery of the Work. Delays, rescheduling, cancellation and other unexpected changes that are not the fault of Onity or within Onity's control may prolong delivery and installation timeframes. Onity shall have no liability or obligation for any liquidated damages or other damages attributable to project delay.

4. PAYMENT TERMS.

- A. Product will be invoiced upon shipment. Installation, certification or training will be invoiced when completed.
- B. . Onity may suspend shipping materials and Product and/or installation and/or training if Customer's account is more than thirty (30) days past due. To the extent not prohibited by the Constitution and the laws of the State of Texas, Onity shall be entitled to recover its reasonable attorney's fees and other costs incurred in event that Onity determines it is necessary to take legal action or to employ the services of an attorney or agency to collect payment for any part of the work or services set forth in this Agreement or to enforce its lien rights.
- E. - F. If a Sales Quote, Purchase Order or Change Order does not include applicable shipping and handling or sales tax, Customer is responsible for paying these amounts. Customers exempt from remitting sales and use tax must provide a tax-exempt certificate to Onity prior to ordering material.

- 5. **SOFTWARE LICENSE AND WARRANTY.** Software provided under this Agreement ("Software") is licensed solely with the Product provided hereunder ("License") and is subject to the terms and conditions of the End User License Agreement contained in the Software. Customer acknowledges and agrees that the source code form remains a confidential trade secret of Onity and therefore hereby agrees not to reverse engineer, decompile, disassemble or otherwise translate the Software. This License only conveys a limited and revocable right of use and does not convey an interest in or to the Software and related material. Customer may make a copy of the Software solely for backup and archive purposes. The sales price paid hereunder is paid in consideration of this License. Non-payment of the sales price may result in revocation of this License. Onity warrants, for Customer's benefit alone, for a period of ninety (90) days from the Effective Date of this Agreement (referred to as the "Software Warranty Period") that the Software shall operate substantially in accordance with the functional specifications in the user's manual. If during the Software Warranty Period, a defect in the Software appears, it may be returned to Onity for either replacement or, if so elected by Onity, refund of the fees paid for the software under this Agreement. Customer acknowledges that the Software is of U.S. origin and subject to the export control laws of the United States and applicable export and import control laws of other countries. Customer agrees to comply with and use the Software in a manner consistent with such applicable international and national laws, rules and regulations that apply to the Software and Customer's use of the Software, including the U.S. Export Administration Regulations, as well as end user, end use, and destination restrictions issued by U.S. or other governments. 6. LIMITED WARRANTY.

Such warranty commences as of the date of shipment of the Product (the "Product Warranty Period"). During the Product Warranty Period, if Customer has paid in full all amounts then due and owing, then as Customer's sole remedy hereunder Onity shall, provide technical telephone support and/or, in Onity's discretion, provide direction for depot repair or replacement of defective Product, in accordance with Onity Return & Warranty Policy (available at <http://en.onity.com/warranty>). - C. THIS EXPRESS WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES EXPRESS OR IMPLIED INCLUDING ANY WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. CUSTOMER'S FAILURE TO MAKE PAYMENT IN PART OR IN WHOLE WILL RENDER THIS LIMITED WARRANTY NULL AND VOID.

ONITY DOES NOT WARRANT THAT THE SOFTWARE, PRODUCT OR RELATED SERVICES WILL WORK PROPERLY IN ALL ENVIRONMENTS AND APPLICATIONS AND DOES NOT WARRANT ANY SOFTWARE, PRODUCT OR RELATED SERVICES AGAINST HARMFUL ELECTROMAGNETIC INTERFERENCE INDUCTION OR RADIATION (EMI, RFI, ETC.) EMITTED FROM EXTERNAL SOURCES. THE ABILITY OF THE SOFTWARE, PRODUCT AND RELATED SERVICES TO WORK PROPERLY DEPENDS ON A NUMBER OF PRODUCTS AND SERVICES MADE AVAILABLE BY THIRD PARTIES OVER WHICH ONITY HAS NO CONTROL INCLUDING, BUT NOT LIMITED TO, INTERNET, CELLULAR AND LANDLINE CONNECTIVITY; MOBILE DEVICE AND RELATED OPERATING SYSTEM COMPATIBILITY; OR PROPER INSTALLATION AND MAINTENANCE OF AUTHORIZED HARDWARE AND OTHER SOFTWARE.

7. **RETURN OF PRODUCT.** Special order or non-stock items are not eligible for return or credit. Onity shall not have a duty to defend and Onity's duty to indemnify Customer shall not exceed the value of the payments received for performance of the Work.

9. LIMITATION OF LIABILITY

- A. **NOTWITHSTANDING ANYTHING TO THE CONTRARY HEREIN AND TO THE EXTENT PERMITTED BY LAW, ONITY'S AGGREGATE LIABILITY, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHERWISE, SHALL IN NO EVENT EXCEED THE VALUE OF THE PAYMENTS RECEIVED FOR THE PERFORMANCE OF THE WORK, WHETHER SUCH LIABILITY ARISES FROM SINGLE OR MULTIPLE EVENTS.**
- B. **ONITY WILL NOT BE LIABLE TO THE CUSTOMER FOR ANY BREACH OF THE AGREEMENT OR ANY CLAIM ARISING FROM ONITY'S PERFORMANCE THEREUNDER UNLESS WRITTEN NOTICE OF THE BREACH OR CLAIM IS GIVEN TO ONITY WITHIN ONE (1) YEAR AFTER THE DATE OF CUSTOMER HAVING NOTICE OF THE EVENT FORMING THE BASIS FOR THE CLAIM.**

Both parties agree to resume performance as soon as practicable following cessation of such condition.

14. **Export Laws.** Customer shall abide by all U.S. export laws in relation to all documentation, hardware, software and other technical information delivered hereunder (collectively, "Technical Data"). Customer acknowledges that Technical Data is subject to export controls imposed by the U.S. Export Administration Act of 1979, as amended (the "Act"), and the regulations promulgated thereunder. Customer shall not export or re-export, directly or indirectly, any Technical Data without complying with the Act and the regulations thereunder, and Customer shall ensure that its contracts with those entities to which it sells or provides the Product and Technical Data shall contain a provision placing obligations on the recipients which are at least equivalent to the obligations placed on Customer in this Section 14. Customer shall not: (a) ship or export the Technical Data or the Product to any embargoed country to which the U.S. has prohibited shipment, or (b) use the Technical Data or the Product for any purposes prohibited by the Act or the regulations thereunder, including without limitation, nuclear proliferation or chemical/biological weapons or missiles. A list of embargoed countries is available at the official website of the U.S. Bureau of Export Administration at <https://www.bis.doc.gov/>.

Hereinafter called "Customer"

EFFECTIVE DATE: May 28, 2021

WHEREAS, Onity and Customer desire to negotiate standard terms and conditions;

WHEREAS, upon execution of this agreement ("Agreement"), Customer will make one or more purchases by submitting to Onity executed sales quotes ("Sales Quote"), purchase orders accepted by Onity ("Purchase Order") or work orders accepted by Onity ("Work Orders") listing the project, a description of material and services being purchased, and quantities and prices for the material and services.

ACCORDINGLY, in consideration of the premises and the following promises, covenants and agreements, Onity and Customer hereby agree that purchases of equipment and services by Customer from Onity will be governed by the terms and conditions contained herein and the applicable Onity Sales Quote as follows:

1. TERM AND TERMINATION.

- A. The term of this Agreement shall begin on the Effective Date and continue for a period of two (2) years (the "Term").
- B. Either party may terminate the Agreement for its convenience by giving the other party written notice sixty (60) days in advance of the proposed termination date; provided, however, that Customer shall be responsible to timely pay Onity for any amounts owed to Onity, and Onity shall complete any Work agreed upon pursuant to a Sales Quote or Purchase Order.
- C. Either party may terminate the Agreement upon written notice to the other party (a) if the other party breaches any terms of the Agreement (excluding payment obligations) and the breaching party does not cure such breach within ten (10) business days after written notice by the non-breaching party of such breach; (b) if either party makes an assignment for the benefit of creditors or files a voluntary petition in bankruptcy or is adjudicated bankrupt or insolvent or shall admit in writing its inability to meet its obligations as they mature, or (c) if any statute, ordinance, rule or regulation hereafter promulgated by any legislative body or agency having jurisdiction over either party prohibits the transaction of business of the nature to be transacted hereunder. Should the Agreement be terminated under this provision by Onity, Customer shall immediately pay Onity for any outstanding amounts owed to Onity, and Onity's obligations under the Agreement shall terminate without penalty to Onity.

2. WORK; ORDERS; CHANGE ORDERS

- A. All purchases by Customer of Onity product ("Product") and/or related services ("Services") (individually and collectively "Work") will be governed by the terms and conditions in this Agreement during the Term unless expressly agreed to in a written agreement that references this Agreement by name and date.
- B. The Work shall be deemed completed and accepted upon the earlier of (i) the certificate of occupancy; or (ii) beneficial use. Completion and acceptance of the Work shall constitute Onity's right to payment in full for the Work.

- C. The Customer may issue Purchase Orders, Work Orders or other documents for administrative and billing purposes, provided, however, Customer expressly acknowledges and agrees that any terms and conditions in such Purchase Orders, Work Orders, or other documents shall not in any way add to, delete from or alter any of the provisions of this Agreement.
- D. To the extent that door hardware specifications include ANSI/BHMA 156.13, 156.18 and 156.25, Onity expressly rejects the foregoing specifications. Prior to commencement of the Work, Customer will be presented with certain Project Requirements by Onity to Customer, or Customer's project manager or other designee ("Customer's Representative").
- E. Onity agrees only to perform a contract for the sale of a commercial item on a fixed-price or time and material basis. The components, equipment and services provided by Onity are "commercial items" as defined in Section 2.101 of the Federal Acquisition Regulations ("FAR"), and the prices of such components, equipment and services are based on Onity's commercial pricing policies and practices (which do not consider any special requirements of U.S. Government cost principles, FAR Part 31, or any similar procurement regulations). As such, Onity will not agree to provide or certify cost or pricing data, nor will Onity agree to comply with the Cost Accounting Standards (CAS). In addition, no federal government procurement regulations, such as FARs or DFARs, shall apply to this Agreement except those regulations expressly accepted in writing by Onity.
- F. Any changes requested by Customer to the Work must be made by written change order agreed to and signed by Customer or Customer's Representative authorized to execute change orders ("Change Order"), and Onity, and will become an amendment to this Agreement, subject to the Terms and Conditions of this Agreement. Customer will incur a \$100 fee for each Change Order, and Change Orders may affect the total amount set forth in the Sales Quote ("Price") and Work completion date. The resulting fees and change in the Price and completion date shall be added to or deleted from the Price and Work schedule. Change Orders and any related fees will be invoiced upon receipt of the executed Change Order. Additional shipping and handling fees as well as applicable taxes will apply to all Change Orders. Onity will not be obligated to perform any changes in the Work unless agreed to by such written change order.

3. DELIVERY AND PERFORMANCE.

- A. Materials will not be ordered without an executed Sales Quote or Purchase Order and receipt of any required deposits or payments under this Agreement. Approximate lead-times for delivery are from date of Onity's acceptance of a Purchase Order or executed Sales Quote and receipt of deposit, or required payments and are as follows: (a) Standard 626 finish Lockset and standard locking system Product - six (6) weeks; (b) all other Locksets and locking system Product - ten (10) weeks; (c) Safes Product - fourteen (14) weeks; (d) EMS Product - six (6) weeks; and (e) Non-stock Product - twelve (12) weeks. Any lead-time less than the time listed above will be considered a "rush" and must be approved either at time of initial order or through Change Order and will incur expedited handling charges of 20% of the total order as well as Change Order fees. Onity reserves the right to change the standard lead times. If such lead time impacts Customer's commencement or completion date or Customer accelerates the Work, then Customer and Onity shall mutually agree upon an extension of time or an equitable adjustment in the Price of the Work in order to accommodate the completion date by Change Order. It is Customer's duty to inform Onity of all changes in the schedule that affect Onity's delivery of the Work.
- B. All shipments are FCA Onity's dock, at which time title will pass to Customer. As a courtesy to Customer, Onity will replace damaged Product at no charge if the Product is damaged or lost during shipment using Onity's carrier. Customer must request a Returned Materials Authorization Number ("RMA #") from Onity in advance of any returns. Customer returns which do not bear a valid Onity RMA # that is visible on the outside of each carton (or in the event such return is palletized, on the outside of each pallet) shall be subject to rejection of the return by Onity. Any such rejection by Onity shall be at the risk of Customer. Upon verification of the loss or damage by Onity and receipt of the damaged Product from Customer, Onity will credit Customer's account for any Product lost or damaged in transit.
- C. Should the Work require shipment to or performance in Canada or any other country, territory or region where Onity must obtain any governmental permissions, permits, approvals, licenses or other requirements, Onity shall be excused from performance hereunder in the event Onity cannot obtain such permissions, permits, approvals, licenses or other requirements in a timely manner.
- D. If Onity has quoted Work based on information, plans or specifications provided by Customer, Customer's failure to provide accurate information may affect the ability of installers to commence or complete the Work as scheduled resulting in a Change Order for additional material, trip charges, labor, tax and shipping, handling or other fees or expenses, and Customer agrees to sign such change order and pay such sums. Inaccurate information includes, but is not limited to, measurements, product finish, door/frame condition, door/frame

material, handling of product, quantity of product, number of doors or rooms which need material, or incomplete plans or specifications. If delays are incurred due to inadequate preparation for the Work by Customer, and the installer or trainer is required to return to the project location, Customer will be charged an amount per day each day the Work is delayed at Onity's then current rates plus expenses.

- E. If Onity is providing installation or training services, Customer agrees to have at least the following available and ready for installation or set up: (a) Locksets – eighty (80) consecutive doors per day; (b) Safes – twenty (20) consecutive rooms per day; (c) Access – five (5) doors per day; and (d) Locations for front desk system/encoder. Hallways or rooms must be reasonably clear of people, furniture and equipment. Doors must be painted, sanded and hinged in the opening prior to installation. Customer is responsible for installing all cable, terminal connectors and power outlets required for access door systems or the front desk system/encoder per Onity specifications. All safe locations must be prepared, according to Onity's instructions, prior to installation. Customer agrees to pay Onity's current trip charge if Onity is unable to work due to Customer's failure to comply with any applicable provision of this paragraph.
- F. If the installation and/or training date is rescheduled, cancelled or changed by any party other than Onity within fourteen (14) days prior to the confirmed scheduled installation and training date, or keying information is not provided to Onity within fourteen (14) days prior to confirmed scheduled installation and training date, Customer will be charged \$750.00 (excepting federal government projects, in which Customer will be charged the actual costs to Onity for rescheduling). In the event Customer has not met the requirements for proper installation as outlined in the pre-installation assessment guideline, if applicable, Onity may, at its option, elect to terminate the order, including the provision of any goods or services thereunder. Field re-preparation of existing doors may affect the labeling certification of doors, and Customer is responsible for re-certification of the doors. Re-certification may affect the installation schedule and costs. Onity's then current rate shall be charged for all additional training requests. If Customer cancels the delivery of Product, or any portion thereof, more than fourteen (14) days after Customer accepts Onity's Sales Quote, Customer shall be subject to a twenty percent (20%) cancellation fee per cancellation occurrence. Special order or non-stock Product cannot be returned. Unless otherwise mutually agreed upon by the parties, Customer shall be subject to a twenty percent (20%) storage fee if Customer does not accept delivery of Product within ninety (90) days of the mutually agreed upon scheduled delivery date. A Change Order is not required for any charges or fees arising under this Section 3.G.
- G. Conditions not apparent during initial site survey or take-off may add to the cost and completion time of the Work. Such costs will be charged to Customer at Onity's then current rates.
- H. If Onity determines at any time that the cabling or pre-wiring is deficient or sub-standard, terminated, or installed incorrectly, Customer will be responsible for correction of the condition and will be charged at Onity's then current rates for any additional labor and materials required after Customer corrects the condition.
- I. Onity shall not be bound by any project labor agreement.
- J. Customer is responsible for the storage of the delivered Product and materials prior to and during installation, and Onity will accept no responsibility for loss incurred for inadequate storage.
- K. Failure to provide the minimum of doors and rooms as set forth in the Project Requirements will affect the installation schedule and may result in additional charges to Customer.
- L. Additional charges which occur as a result of E, F, G, H, I or J of this Section 3 will be invoiced upon (1) Onity's change in schedule, (2) installer's or trainer's scheduled return, (3) cancellation, (4) non-receipt of required information, or (5) discovery of condition.
- M. Customer will provide installers and trainers with lodging, parking and material storage at the sole expense of Customer. Lodging is required as follows, with no more than two (2) people assigned per room: (i) Guest room lock and safe crews - two (2) or more rooms, (ii) perimeter lock crews - one (1) room, (iii) energy management crews - one (1) room per two (2) installers, and (iv) trainers - one (1) room, for the duration of the installation, training, and on-site support. If rooms, parking and/or storage are not available, a per-diem per day will be established, based upon the value of the rooms, parking and storage, and added to the Price and billed to the Customer.
- N. Customer acknowledges that union rate changes are beyond the control of Onity and in such cases where union rates have changed between the time of the execution of this Agreement and the installation date, it will be necessary for Onity to re-quote such labor rates to Customer reflect those changes.
- O. It is the Customer's duty to inform Onity of all changes in the schedule that affect Onity's delivery of the Work. Delays, rescheduling, cancellation and other unexpected changes that are not the fault of Onity or within Onity's control may prolong delivery and installation timeframes. Onity shall have no liability or obligation for any liquidated damages or other damages attributable to project delay.

4. PAYMENT TERMS.

- B. . Onity may suspend shipping materials and Product and/or installation and/or training if Customer's account is more than thirty (30) days past due. To the extent not prohibited by the Constitution and the laws of the State of Texas, Onity shall be entitled to recover its reasonable attorney's fees and other costs incurred in event that Onity determines it is necessary to take legal action or to employ the services of an attorney or agency to collect payment for any part of the work or services set forth in this Agreement or to enforce its lien rights.
- E. Notwithstanding the above, and in addition thereto, Customer shall be responsible for (a) the payment of all shipping and delivery charges; (b) charges at Onity's then current labor and materials rates for the performance of any Work authorized by Customer outside: (i) the scope of the Work under this Agreement, (ii) Onity's obligations under this Agreement, or (iii) Onity's obligations under the Limited Installation or Product Warranty; and (c) all taxes and government charges imposed associated with the Work, including without limitation, licenses, permits, and code compliance.
- F. If a Sales Quote, Purchase Order or Change Order does not include applicable shipping and handling or sales tax, Customer is responsible for paying these amounts. Customers exempt from remitting sales and use tax must provide a tax-exempt certificate to Onity prior to ordering material.

- 5. SOFTWARE LICENSE AND WARRANTY.** Software provided under this Agreement ("Software") is licensed solely with the Product provided hereunder ("License") and is subject to the terms and conditions of the End User License Agreement contained in the Software. Customer acknowledges and agrees that the source code form remains a confidential trade secret of Onity and therefore hereby agrees not to reverse engineer, decompile, disassemble or otherwise translate the Software. This License only conveys a limited and revocable right of use and does not convey an interest in or to the Software and related material. Customer may make a copy of the Software solely for backup and archive purposes. The sales price paid hereunder is paid in consideration of this License. Non-payment of the sales price may result in revocation of this License. Onity warrants, for Customer's benefit alone, for a period of ninety (90) days from the Effective Date of this Agreement (referred to as the "Software Warranty Period") that the Software shall operate substantially in accordance with the functional specifications in the user's manual. If during the Software Warranty Period, a defect in the Software appears, it may be returned to Onity for either replacement or, if so elected by Onity, refund of the fees paid for the software under this Agreement. - C. THIS EXPRESS WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES EXPRESS OR IMPLIED INCLUDING ANY WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. CUSTOMER'S FAILURE TO MAKE PAYMENT IN PART OR IN WHOLE WILL RENDER THIS LIMITED WARRANTY NULL AND VOID.

ONITY DOES NOT WARRANT THAT THE SOFTWARE, PRODUCT OR RELATED SERVICES WILL WORK PROPERLY IN ALL ENVIRONMENTS AND APPLICATIONS AND DOES NOT WARRANT ANY SOFTWARE, PRODUCT OR RELATED SERVICES AGAINST HARMFUL ELECTROMAGNETIC INTERFERENCE INDUCTION OR RADIATION (EMI, RFI, ETC.) EMITTED FROM EXTERNAL SOURCES. THE ABILITY OF THE SOFTWARE, PRODUCT AND RELATED SERVICES TO WORK PROPERLY DEPENDS ON A NUMBER OF PRODUCTS AND SERVICES MADE AVAILABLE BY THIRD PARTIES OVER WHICH ONITY HAS NO CONTROL INCLUDING, BUT NOT LIMITED TO, INTERNET, CELLULAR AND LANDLINE CONNECTIVITY; MOBILE DEVICE AND RELATED OPERATING SYSTEM COMPATIBILITY; OR PROPER INSTALLATION AND MAINTENANCE OF AUTHORIZED HARDWARE AND OTHER SOFTWARE.

7. **RETURN OF PRODUCT.** Special order or non-stock items are not eligible for return or credit. Onity shall not have a duty to defend and Onity's duty to indemnify Customer shall not exceed the value of the payments received for performance of the Work.

9. LIMITATION OF LIABILITY

- A. **NOTWITHSTANDING ANYTHING TO THE CONTRARY HEREIN AND TO THE EXTENT PERMITTED BY LAW, ONITY'S AGGREGATE LIABILITY, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHERWISE, SHALL IN NO EVENT EXCEED THE VALUE OF THE PAYMENTS RECEIVED FOR THE PERFORMANCE OF THE WORK, WHETHER SUCH LIABILITY ARISES FROM SINGLE OR MULTIPLE EVENTS.**
- B. **ONITY WILL NOT BE LIABLE TO THE CUSTOMER FOR ANY BREACH OF THE AGREEMENT OR ANY CLAIM ARISING FROM ONITY'S PERFORMANCE THEREUNDER UNLESS WRITTEN NOTICE OF THE BREACH OR CLAIM IS GIVEN TO ONITY WITHIN ONE (1) YEAR AFTER THE DATE OF CUSTOMER HAVING NOTICE OF THE EVENT FORMING THE BASIS FOR THE CLAIM.**

Both parties agree to resume performance as soon as practicable following cessation of such condition.
14. **Export Laws.** Customer shall abide by all U.S. export laws in relation to all documentation, hardware, software and other technical information delivered hereunder (collectively, "Technical Data"). Customer acknowledges that Technical Data is subject to export controls imposed by the U.S. Export Administration Act of 1979, as amended (the "Act"), and the regulations promulgated thereunder. Customer shall not export or re-export, directly or indirectly, any Technical Data without complying with the Act and the regulations thereunder, and Customer shall ensure that its contracts with those entities to which it sells or provides the Product and Technical Data shall contain a provision placing obligations on the recipients which are at least equivalent to the obligations placed on Customer in this Section 14. Customer shall not: (a) ship or export the Technical Data or the Product to any embargoed country to which the U.S. has prohibited shipment, or (b) use the Technical Data or the Product for any purposes prohibited by the Act or the regulations thereunder, including without limitation, nuclear proliferation or chemical/biological weapons or missiles. A list of embargoed countries is available at the official website of the U.S. Bureau of Export Administration at <https://www.bis.doc.gov/>.
