Important Notes to Using & Reviewing Your Results

- **Notes**
  - **Data Population**
    This report is populated with data from the PS_Ledger_KK.
  - **Items without a Budgeted Amount**
    All Actuals will print to the report regardless of the corresponding Budget Account possessing a dollar amount or zero entry.
  - **Actuals**
    Actuals are from approved and posted transactions.
Locate Report

1. **Login** to your [MyUNT Portal](#) and click on the **Reports Tab**.

Report Setup - Prompt Pages

Report Setup - Prompt Pages
All initial **Landing Pages** for reports on the Cognos System will appear similar in format. You will have a set of filtering choices based on the source’s available data.

**REPORT FOCUS FILTERS / PAGE 1**

1. Select your parameter choices.

   (No parameters within this report are required).

   | **Budget Period** | The budget year automatically fills with the current operating year and you may override if you prefer by **typing** in the box. |
   | **Business Unit** | Default will pull “All Units” or you may use the **Dropdown** to select one particular unit by which to filter the report. |
   | **Department Manager** | You can **Search** by either the DeptID, Dept Descriptions or if you know the manager, you may type here and search. For further search features, click the **Options Link** to expand additional search methods. Your results appear in the left box. **Highlight** any or all results and click the **Insert Button** to include as your filter choice here.  
   *Notes: CTRL + Click to choose more than one. If you need to view several departments and have a numbered list, you can use the department selection on the Detailed Filters/Page 2 below.
   | **Department Tree** | You can select a department tree option that meets your needs. |
   | **Project ID** | You can **Search** by either the Project ID, Project Descriptions or if you know the manager, you may type here and search. |
For further search features, click the **Options Link** to expand additional search methods. Your results appear in the left box. **Highlight** any or all results and click the **Insert Button** to include as your filter choice here.

*Notes: CTRL + Click to choose more than one.
If you need to view several departments and have a numbered list, you can use the department selection on the Detailed Filters/Page 2 below.

**Account Type**
Default **unchecked** will allow for both. You do not need to click “Select All” to do so. Otherwise, choose to **limit** the report results to Revenue or Expense by **checking** the appropriate boxes.

**KK Group**
Default **unchecked** will allow for all. You do not need to click “Select All” to do so. Otherwise, choose to **limit** it to Budget Group type by **checking** the appropriate boxes to focus and limit viewing results.

**Thru Accounting Period**
This will allow data retrieval thru a particular period entered.

**Ledger**
If you know a particular Ledger you would like to filter by, **enter** here.

2. If you are satisfied with your choices and do not need to engage Detailed Filters, click the **Finish Button**. Otherwise, to run by other FoaPs elements, click the **Next Button**.

**DETAILED FILTERS – CHARTSTRING INCLUSIONS / PAGE 2**

3. **Select your parameter choices.**

   *Remember that prompts filter your data. By entering values into the prompts you narrow the result sets. Start off by casting a wide net by only using one prompt. You can always rerun the report with additional prompt to narrow the results as needed.*

**Fund Category**
You can either **enter** a Fund Cat within this box or **paste**. Several numbers may be entered here but each one must be on its own line to filter correctly. When you are ready, **click** the **Insert Button**. All items you have typed/pasted in to the box will move to the **Choices Box**.

**Fund**
If you know a particular Fund you would like to filter by, **enter** here.
### Detailed Filters – Chartstring Exclusions / Page 3

5. Select your parameter choices.

Remember that prompts filter your data. By entering values into the prompts you narrow the result sets. Start off by casting a wide net by only using one prompt. You can always rerun the report with additional prompt to narrow the results as needed.

4. If you are satisfied with your choices and do not need to engage FOAPs exclusion Filters, click the Finish Button. Otherwise, to run by excluding particular FoaPs elements, click the Next Button.
6. When you are satisfied with your choices, **click the Finish Button** to run the report.

*If you need to make changes or want to check your filters, you can click the Back Button at any time to review and click the Finish Button from any point without having to re-enter your information.*

---

**Report Results**

**REPORT FEATURES**

- Results are grouped by **Departments** and indicated by the **Underlined Title Bar**.
- **Fiscal Budget items** appear first in the reporting structure groupings. Departmental contributions to particular **Projects** appear next.
- Items are sectioned by **Fund Cat – Fund** combinations. *(Where applicable, Purpose and/or Site as well.)*
- **Budget Accounts** will duplicate IF the budget for that account is spread across more than one Function.
- The **Light Green Bars** indicate groupings of lower level hierarchy **Budget Account Trees**. The **Dark Green Bars** indicate the rollup level hierarchy **Budget Account Trees**.

**DRILL-THROUGH OPTIONS**

- **Clicking** on the Department ID itself in the **Underlined Title Bar** (see above) will drill directly through to the “**FIN015 - Department Summary Report**”.
  - *note 1: See the Department Summary Guide for more information on this report.*
  - *note 2: Drilling to a Department Detail here will view only Department Details without Projects included!*
• **Clicking** on any of the underlined dollar amounts will drill-through to the “FIN003 – Transaction Detail Report” to view the detailed transactional line that makes up the chosen amount.

---

**Cognos Report Functionalities**

**Layout Overview**

- Report results are typically displayed in an interactive HTML on screen style.

- Based on your selections, if any, the report will only display results that match your initial filtering choices.

- Reports on screen may combine the Level Number result with the Description for that level in one single column. *(Report results exported to XLS will break these out, see the Export XLS directions below.)*

- If there is an error in your request or no results can be produced, you get a return message showing the parameters you chose that produced these results. *(See the Error Results section below for more information or to troubleshoot.)*

- Use the “Page Down” Link at the bottom left to see additional pages (if any).

- Use the “Bottom” Link to skip to the last page of Applied Parameters where you can review what your filtering choices were on the initial Prompt Page selections. Use the “Top” Link then to return to your first page.

**In Report Filtering & Controls**

- You can clear any originally selected Filters by returning to the Prompt Pages from within the Report you are currently viewing (without starting over). To do so, **click on the Play Button** in the upper right hand toolbar of your screen.
Exporting Your Report Results

In the upper right of your screen you will see multiple options to use your results.

**EMAIL REPORT DIRECTLY**
Click the “Keep this Version” Dropdown to select “Email Report”. Fill in the desired email address, any additional information, and your onscreen results will be emailed from within the Cognos program.

**ACROBAT PDF**
Click the HTML Paper Dropdown to choose “View in PDF Format”.

**EXCEL DATA XLS**
Click the HTML Paper Dropdown to choose “View in Excel Options”. You will need to also select a further output type. The most common one you will use is “View in Excel 2007 Format”.

Error Results

An example of the standard results message when Cognos cannot determine a match for your requested filters is:

```
No data available for the parameters chosen, please review the parameters below:
Fund Cat: 876
```

The selection you have made on the prompt page is listed automatically below the “No Data” message. Again, to re-run the report with a different selection, click the Play Button in the upper right toolbar.
