SECTION 5

Tax Information

Taxation is a private matter between each individual and the United States Government. Any exemption from income tax based on tax treaty is usually limited to two years or less. It is the Visitor's responsibility to determine that deductions for income tax and social security tax are correct for each individual situation. Questions should be directed to the Internal Revenue Service, 1-800-829-1040.

Each Visitor must file a tax form with the IRS each year by April 15.

It is the Visitor's responsibility to inform the International Office of any changes in employment or immigration status. A change in visa classification or in the nature of a job could change the tax liability status.

I certify that I have read and understand the foregoing and that it is correct.
