The “Doing Businesses Texas Style” Spot Bid Fair is an annual event intended to provide opportunities for all Texas-based vendors to bid on the Spot the procurement opportunities provided by State Agencies and Universities. It’s the brainchild of State Senator Royce West and is co-hosted by the Dallas/Fort Worth Minority Supplier Development Council.

\$100k exemption for services is valid only during the Spot Bid Fair.

BENEFITS

State agencies are required by State law to make a “Good Faith Effort” to include HUBs in procurement opportunities

HUBs are often UNT alumni and parents of alumni...

**HUB Program**

UNT System manages the University of North Texas's HUB program as a shared service. The State of Texas HUB Program is our way of demonstrating a genuine, **good-faith** effort to diversify our procurement opportunities.

What are we asking of you?

Review planned purchases for commodities or services

- Are they routine or a one-time? Either will work.
- Will that purchase occur within the next 6 or 12 months?
- Do you have a vendor in mind already? Is that vendor a HUB?
- Would you be willing to consider proposals from someone new?

**Help us spread the word!**

Visit the HUB website for more info: <https://finance.untsystem.edu/vendor-resources/hub-program/>
